OUR HIGHEST CONCENTRATION

**10% PURE GLYCOLIC ACID**

"Dermatologists have used Glycolic Acid for decades, especially for dark spots and wrinkles. Choose a soothing formula with 10% Pure Glycolic Acid and Aloe for nightly use at home. Use broad-spectrum sunscreen the next morning."

DR. JOSHUA ZEICHNER, BOARD CERTIFIED DERMATOLOGIST

OUR HIGHEST CONCENTRATION

**1.5% HYALURONIC ACID**

"Hyaluronic Acid is a naturally occurring molecule in our skin, but its levels decrease with age, which impacts how plumped and hydrated our skin looks and feels. When used at the right concentrations in serums like this one, it can also reduce wrinkles."

DR. FLOR MAYORAL, BOARD CERTIFIED DERMATOLOGIST
